1 For the latest destination list please call 21700 or visit your nearest Post Office.

2 You can expect that items will usually arrive at their destination within the timeframe specified for each service. Because we do not directly control all parts of the delivery chain, we cannot guarantee that your item will always reach its destination within the delivery target. Delivery to areas outside major cities, or where your item is dutiable or held in Customs, may take longer.

3 These restrictions refer to the minimum chargeable weights.

4 Maximum size restrictions: Parcels 2kg or less: maximum length + width + thickness = 900mm; maximum length of any side = 600mm. Roll or tube: maximum length + (diameter x2) = 1040mm; maximum length of any side 900mm.

5 Appropriate Customs declaration documents apply to and accompany the relevant items

Calculate the price to send your parcel²

= sending service per item rate + (item weight in kilograms x sending service per kg rate)

Multiply the weight of your item in kilograms, rounded up to the nearest 10 grams, by the per kg rate of the sending service you wish to use. Then add the sending service per item rate. For example, the cost to send a 0.501kg item to Fiji by International Air is \$15.20 + (0.501kg x \$27.00) = \$28.73.

¹ Merchandise weighing up to 2kg required to be upgraded to the Registration service will be charged an additional TOP\$10

² Chargeable weight and volume are subject to confirmation by Tonga Post. Please note that International Fast Post (EMS) items will be charged by actual weight. Over 500g, the rates for merchandise and documents are the same.
